

Puppy Parties

We offer puppy parties on a Tuesday evening from 6.30pm. They are free of charge and are open to any puppy whatever its colour, size, shape or form, as long as it has had its first vaccination. Proof of this is required.

Fun is one of the main purposes of the party, but they also help your puppy socialise and interact with others of the "two and four legged" variety. They can help your puppy grow into a positive fun loving adult who is well mannered and confident when around other people and animals.

Travelling to the party helps to get the puppy used to car journeys and helps them to associate the trips to the vets as a positive experience. Mock consultations are also played out to get the pup familiar to being touched all over by a person other than a member of their family.

A dog's hearing is much more sensitive than our own therefore we expose the puppies to sounds they may come across in their everyday lives. This is in a safe environment with qualified members of staff on hand to deal with any situation that may arise.

For further information or to register for the next party please contact us here at the surgery.
